MYALL HIGH NEWS

LIVE, LAUGH AND LEARN

I'm sure we can all agree that a father is a very important person in a child's life. Sigmund Freud is said to have stated: "I cannot think of any need in childhood as strong as the need for a father's protection." Observing the relationships my grandchildren have with their fathers certainly proves that point. In addition it shows how lovely it is for a child to play with and have fun with their dad. Although fathers have always held a significant role in their children's lives nowadays, which is lovely to see, fathers tend to take a more hands-on role - something much less common in the era in which we grew up. And, of course, not everyone was or is fortunate enough to have a father who actively participates in their lives. However, today we honour all fathers in our community and wish you A WONDERFUL FATHER'S DAY!

WHAT'S HAPPENING IN U3A?

Earlier this month you will have received a message from our Vice President regarding the resignation of our current President, Anja Schuette who, due to unforeseen circumstances, is unable to fulfil this important role. Thankfully, Roger Digby has kindly agreed to carry the mantle of Acting President for the remainder of this year. We are, however, hoping to allow him, after his many years of faithful service, to enter well-deserved retirement and thus are hoping that one of you will step forward to embrace this role. We still have other vacant roles that we trust will be filled before the end of this year and are urging you to get in touch if you are able and willing to help.

Tech Tips:

NASC impersonation scammers

Criminals are calling people and pretending to be from the National Anti-Scam Centre. They tell you that your phone number is being used in a scam in China and offer to help you 'clear your record'.

These scammers work hard to get your trust, then try to steal your money and personal information. Hang up on unexpected callers who say they're investigating a scam. It's probably a scam: **the National Anti-Scam Centre will never ask for money or personal or financial information.**

If you've been affected:

- * If you have lost money, contact your bank or financial institution immediately.
- * If you've had personal information stolen or need support to recover from a scam,

contact IDCARE on 1800 595 160.

- * Help others by reporting scams to Scamwatch.
- * Tell your friends and family: you can share your experience, get support and help to protect others from scams.
